Dear Mr. Dalton,

Thank you for sharing your thoughts and concerns regarding Medicare Advantage. As your Senator, I thoroughly consider the concerns of the Oklahomans I am honored to serve in Washington.

Medicare provides a critical safety net for millions of Americans. The Medicare Advantage program offers flexibility, expanded coverage areas, and capped deductibles that are vital to the Americans covered under the program. I am committed to making sure both Medicare and Medicare Advantage are made solvent, ensuring they are viable for future generations while at the same time protecting current beneficiaries from having their benefits cut.

As a member of the Senate Committee on Health, Education, Labor, and Pensions, I will continue to support efforts that help protect seniors' access to their doctors and strengthen the Medicare program in the long term. I will be sure to keep your thoughts in mind if legislation that impacts the Medicare Advantage program is brought to the Senate floor. Please feel free to contact me in the future regarding Medicare Advantage or any issue that is important to you. I am here to serve you and ensure that your voice is heard.

I encourage you to sign up for my weekly emails at [mullin.senate.gov/services/newsletter/](https://mullin.senate.gov/services/newsletter/) to receive updates on federal issues that impact Oklahomans.

Again, thank you for taking the time to write. It's an incredible honor and privilege to serve the communities and families I grew up and worked with my entire life. God bless!

Sincerely,

Markwayne Mullin  
United States Senator
